Exhibit 99.1

Aurora Mobile Limited Announces Third Quarter 2026

Unaudited Financial Results

SHENZHEN, CHINA, November 12, 2026 – Aurora Mobile Limited ("Aurora Mobile" or the "Company") (NASDAQ: JG), a leading provider of customer engagement and marketing technology services, today announced its unaudited financial results for the third quarter ended September 30, 2026.

Third Quarter 2026 Financial Highlights

- **Revenues** were RMB106.5 million (US$15.9 million), an increase of 17% year-over-year.
- **Cost of revenues** was RMB35.6 million (US$5.3 million), an increase of 31% year-over-year.
- **Gross profit** was RMB70.9 million (US$10.6 million), an increase of 11% year-over-year.
- **Total operating expenses** were RMB68.1 million (US$10.2 million), an increase of 6% year-over-year.
- **Net income** was RMB4.5 million (US$0.7 million), compared with RMB0.7 million in the same quarter last year.
- **Net income attributable to Aurora Mobile Limited's shareholders** was RMB4.7 million (US$0.7 million), compared with a net loss attributable to Aurora Mobile Limited's shareholders of RMB13 thousand in the same quarter last year.
- **Adjusted net income (non-GAAP)** was RMB5.0 million (US$0.7 million), compared with RMB1.5 million in the same quarter last year.
- **Adjusted EBITDA (non-GAAP)** was RMB6.3 million (US$0.9 million), compared with RMB2.8 million in the same quarter last year.

Mr. Weidong Luo, Chairman and Chief Executive Officer of Aurora Mobile, commented, "We delivered a strong Q3 performance. Our achievements this quarter are as follows:

- For the fourth time in our history, we recorded quarterly SAAS revenue in excess of RMB100 million, marking back-to-back quarters above this level and our highest revenue since we transitioned to the Pure-SAAS model in Q1 2021.
- Core Developer Subscription revenue reached an all-time high of approximately RMB77.0 million.
- Our global flagship product, EngageLab, achieved its highest quarterly revenue of RMB29.5 million, up 124% year-over-year.
- Gross profit rose 11% year-over-year to RMB70.9 million, a new high since Q1 2022.
- We posted our sixth consecutive quarter of US GAAP net profit.
- Operationally, we generated a net cash inflow of RMB6.6 million during the quarter."

Mr. Shan-Nen Bong, Chief Financial Officer of Aurora Mobile, added, "This is an exceptionally strong set of financial results. These outcomes did not happen by chance. They are rooted in sound strategic choices, disciplined operating decisions, and consistent execution across the organization. Our financial performance reflects the collective hard work and alignment of our entire team.

We achieved meaningful top-line growth during the quarter, which, together with favorable profitability dynamics, lifted gross profit to its highest level since Q1 2022. This operational strength flowed through to the bottom line, resulting in our highest net profit since we transitioned to the Pure-SAAS model in Q1 2021.

With this proven operating model firmly in place, we are confident in our long-term growth prospects as we move forward."

Third Quarter 2026 Financial Results

Revenues were RMB106.5 million (US$15.9 million), an increase of 17% from RMB90.9 million in the same quarter of last year, attributable to a 37% increase in revenue from Developer Services and partially offset by a 31% decrease in revenue from Vertical Applications.

Cost of revenues was RMB35.6 million (US$5.3 million), an increase of 31% from RMB27.1 million in the same quarter of last year. The increase was mainly due to a RMB3.2 million increase in media cost and a RMB6.2 million increase in direct costs related to overseas business including One-Time Password ("OTP"), WhatsApp push and GPTBots.ai.

Gross profit was RMB70.9 million (US$10.6 million), an increase of 11% from RMB63.8 million in the same quarter of last year.

Total operating expenses were RMB68.1 million (US$10.2 million), an increase of 6% from RMB64.4 million in the same quarter of last year.

- **Research and development expenses** were RMB30.2 million (US$4.5 million), an increase of 17% from RMB25.9 million in the same quarter of last year, mainly due to a RMB2.1 million increase in personnel costs and a RMB1.1 million increase in technical service expense.

- **Sales and marketing expenses** were RMB29.0 million (US$4.3 million), an increase of 9% from RMB26.6 million in the same quarter of last year, mainly due to a RMB2.9 million increase in personnel costs.

- **General and administrative expenses** were RMB9.0 million (US$1.3 million), a decrease of 24% from RMB11.9 million in the same quarter of last year, mainly due to a RMB1.9 million decrease in bad debt provision and a RMB1.7 million decrease in personnel costs.

Income from operations was RMB5.5 million (US$0.8 million), compared with RMB0.4 million in the same quarter of last year.

Net income was RMB4.5 million (US$0.7 million), compared with RMB0.7 million in the same quarter of last year.

Adjusted net income (non-GAAP) was RMB5.0 million (US$0.7 million), compared with RMB1.5 million in the same quarter of last year.

Adjusted EBITDA (non-GAAP) was RMB6.3 million (US$0.9 million), compared with RMB2.8 million for the same quarter of last year.

The cash and cash equivalents, restricted cash and short-term investment were RMB165.0 million (US$24.6 million) as of September 30, 2026, compared with RMB173.4 million as of December 31, 2025.

Business Outlook Update

The Company is revising its full-year 2026 revenue guidance from a range of RMB450.0 million to RMB480.0 million to a range of RMB405.0 million to RMB415.0 million, representing year-over-year growth of approximately 8% to 11%. The revision primarily reflects revenue from the Financial Risk Management business coming in below the Company's previous expectations.

This shortfall was driven by the continued adjustment underway in China's consumer credit and loan facilitation industries. As regulatory requirements continue to be implemented in greater depth, financial institutions and loan facilitation platforms have further adjusted their product pricing, customer mix and business scale. Certain customers have tightened new credit origination and taken a more prudent approach to business budgeting, which in turn has affected demand for the Company's related data and technology services.

The Company had previously expected customer demand to gradually stabilize following the industry adjustment. However, the depth and duration of the adjustment have exceeded its expectations.

The above outlook is based on the current market conditions and reflects the Company's current and preliminary estimates of market and operating conditions and customer demand, which are all subject to change.

Update on Share Repurchase

As of September 30, 2026, the Company had repurchased a total of 584,605 ADSs, of which 99,432 ADSs, or around US$532.1 thousand were repurchased during the third quarter in 2026. ADS refers to American Depositary Shares, each 3 ADS representing 40 Class A common shares.

Conference Call

The Company will host an earnings conference call on Thursday, November 12, 2026 at 7:30 a.m. U.S. Eastern Time (8:30 p.m. Beijing time on the same day).

All participants must register in advance to join the conference using the link provided below. Please dial in 15 minutes before the call is scheduled to begin. Conference access information will be provided upon registration.

Participant Online Registration:

https://register-conf.media-server.com/register/BIfab4aba23906470c9b3f901613f2edc9

A live and archived webcast of the conference call will be available on the Investor Relations section of Aurora Mobile's website at https://ir.aurora-mobile.com/.

Use of Non-GAAP Financial Measures

In evaluating the business, the Company considers and uses two non-GAAP measures, adjusted net income and adjusted EBITDA, as a supplemental measure to review and assess its operating performance. The presentation of these non-GAAP financial measures is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with U.S. GAAP. The Company defines adjusted net income as net income/(loss) excluding share-based compensation. The Company defines adjusted EBITDA as net income/(loss) excluding interest expense, depreciation of property and equipment, amortization of intangible assets, income tax expenses/(benefits) and share-based compensation.

The Company believes that adjusted net income and adjusted EBITDA help identify underlying trends in its business that could otherwise be distorted by the effect of certain expenses that it includes in income/(loss) from operations and net income/(loss).

The Company believes that adjusted net income and adjusted EBITDA provide useful information about its operating results, enhance the overall understanding of its past performance and future prospects and allow for greater visibility with respect to key metrics used by the management in their financial and operational decision-making.

The non-GAAP financial measures are not defined under U.S. GAAP and are not presented in accordance with U.S. GAAP. The non-GAAP financial measures have limitations as analytical tools. One of the key limitations of using adjusted net income and adjusted EBITDA is that they do not reflect all items of income and expense that affect the Company's operations. Further, the non-GAAP financial measures may differ from the non-GAAP information used by other companies, including peer companies, and therefore their comparability may be limited.

The Company compensates for these limitations by reconciling the non-GAAP financial measures to the nearest U.S. GAAP performance measure, all of which should be considered when evaluating the Company's performance. The Company encourages you to review its financial information in its entirety and not rely on a single financial measure.

Reconciliations of the non-GAAP financial measures to the most comparable U.S. GAAP measure are included at the end of this press release.

Safe Harbor Statement

This announcement contains forward-looking statements. These statements are made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates," "confident" and similar statements. Among other things, the Business Outlook and quotations from management in this announcement, as well as Aurora Mobile's strategic and operational plans, contain forward-looking statements. Aurora Mobile may also make written or oral forward-looking statements in its reports to the U.S. Securities and Exchange Commission, in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including but not limited to statements about Aurora Mobile's beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: Aurora Mobile's strategies; Aurora Mobile's future business development, financial condition and results of operations; Aurora Mobile's ability to attract and retain customers; its ability to develop and effectively market data solutions, and penetrate the existing market for developer services; its ability to transition to the new advertising-driven SAAS business model; its ability to maintain or enhance its brand; the competition with current or future competitors; its ability to continue to gain access to mobile data in the future; the laws and regulations relating to data privacy and protection; general economic and business conditions globally and in China and assumptions underlying or related to any of the foregoing. Further information regarding these and other risks is included in the Company's filings with the Securities and Exchange Commission. All information provided in this press release and in the attachments is as of the date of the press release, and Aurora Mobile undertakes no duty to update such information, except as required under applicable law.

About Aurora Mobile Limited

Founded in 2011, Aurora Mobile (NASDAQ: JG) is a leading provider of customer engagement and marketing technology services. The Company is dedicated to empowering global enterprises with stable, efficient, and intelligent customer interaction solutions. Leveraging its first-mover advantage in mobile messaging, Aurora Mobile has evolved into a comprehensive platform that integrates Omnichannel Engagement, AI-Driven Marketing, Advanced AI Customer Support, and Frictionless Identity Security. Through its flagship brand EngageLab and its robust AI infrastructure GPTBots.ai, the Company helps businesses achieve seamless customer reach, automate complex marketing journeys, and optimize service efficiency with AI agents, accelerating digital transformation for clients worldwide.

Aurora Mobile Announces Up to US$10 Million Share Repurchase Program

SHENZHEN, China, Nov. 12, 2026 -- Aurora Mobile Limited ("Aurora Mobile" or the "Company") (NASDAQ: JG), a leading provider of customer engagement and marketing technology services, today announced the approval of a share repurchase program.

On November 12, 2026, the board of directors of the Company approved a new share repurchase program whereby the Company is authorized to repurchase up to US$10 million worth of its ordinary shares (including in the form of American depositary shares) until December 31, 2027.

Mr. Weidong Luo, Chairman and Chief Executive Officer of Aurora Mobile, commented, "We remain confident in Aurora Mobile's long-term growth prospects, supported by our resilient business foundation, continued progress in our global expansion, and growing opportunities in enterprise AI. As we continue to strengthen our financial performance and execute our long-term strategy, we believe the share repurchase program represents a prudent use of our capital and underscores our commitment to enhancing shareholder value. We remain focused on delivering sustainable growth and creating long-term value for our shareholders."

The Company's proposed repurchases may be made from time to time on the open market at prevailing market prices, in privately negotiated transactions, in block trades and/or through other legally permissible means, depending on market conditions and in accordance with applicable rules and regulations. The Company's board of directors will review the share repurchase program periodically, and may authorize adjustment of its terms and size. The Company expects to fund the repurchases out of its existing cash balance.

About Aurora Mobile Limited

Founded in 2011, Aurora Mobile (NASDAQ: JG) is a leading provider of customer engagement and marketing technology services. The Company is dedicated to empowering global enterprises with stable, efficient, and intelligent customer interaction solutions. Leveraging its first-mover advantage in mobile messaging, Aurora Mobile has evolved into a comprehensive platform that integrates Omnichannel Engagement, AI-Driven Marketing, Advanced AI Customer Support, and Frictionless Identity Security. Through its flagship brand EngageLab and its robust AI infrastructure GPTBots.ai, the Company helps businesses achieve seamless customer reach, automate complex marketing journeys, and optimize service efficiency with AI agents, accelerating digital transformation for clients worldwide.

Safe Harbor Statement

This announcement contains forward-looking statements. These statements are made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates," "confident" and similar statements. Among other things, the Business Outlook and quotations from management in this announcement, as well as Aurora Mobile's strategic and operational plans, contain forward-looking statements. Aurora Mobile may also make written or oral forward-looking statements in its reports to the U.S. Securities and Exchange Commission, in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including but not limited to statements about Aurora Mobile's beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: Aurora Mobile's strategies; Aurora Mobile's future business development, financial condition and results of operations; Aurora Mobile's ability to attract and retain customers; its ability to develop and effectively market data solutions, and penetrate the existing market for developer services; its ability to transition to the new advertising-driven SAAS business model; its ability to maintain or enhance its brand; the competition with current or future competitors; its ability to continue to gain access to mobile data in the future; the laws and regulations relating to data privacy and protection; general economic and business conditions globally and in China and assumptions underlying or related to any of the foregoing. Further information regarding these and other risks is included in the Company's filings with the Securities and Exchange Commission. All information provided in this press release and in the attachments is as of the date of the press release, and Aurora Mobile undertakes no duty to update such information, except as required under applicable law.
